Treasury Department.

23d May 1863

Sir.

Your letter of the 20th inst has been received. The error in the settlement of your account for the quarter ending the 31st of March, occurred in reading the voucher Twenty five, instead of Seventy five, which was owing to the indistinct way in which the word was written.

The account for the last quarter of 1862 has never been received by the Department which, if you will forward immediately will be opened, with your last account for settlement in your favor.

Very Respectfully

Asst Secy of Treasury

To

Jas. C Booth. Esq
